### **PGI for Frontier College**

In 1986, celebrated Canadian journalist, Peter Gzowski, invited some of his family and friends to an informal golf tournament on his home course in Jackson's Point, Ontario. When he said that he wanted to raise "a few bucks" for literacy it was the beginning of a long, prosperous, innovative and simple fundraising initiative. Today, the PGIs are the most successful literacy fundraising events in Canada, generating more than \$10 million (net funds) and held in fifteen provinces and territories.

Until this year, we have hosted our PGI at the famous Briars Golf Club, Peter's home course, for many years. Due to a number of factors – all of them raised by our loyal and new friends – we have decided to shake things up (a lot) and see what happens. Those of you who have attended this event in the past will remember the camaraderie among participants, the unexpected familiar face and the incredible and yet, undiscovered, entertainment you've come to expect from the PGI for Frontier College. This is all in store for you in 2009. But you won't have to drive as far, you won't have to pay to attend 2 events, you won't need 2 days away from your weekday routine, and you won't have to pay for accommodations.

We know that you will enjoy the new PGI for Frontier College – whether you are returning or joining us for the first time.

Welcome...

Designed by Toronto golf architect Rene Muylaert and opened in 1982, **Emerald Hills Golf Club** is one of the toughest and most beautiful tests of golf in Ontario. Carved out of the dense woods of the picturesque Oak Ridges Moraine, **Emerald Hills Golf Club** shares the traits of many North American championship layouts: tree-lined fairways that demand accuracy off the tee, immaculate bentgrass greens and strategic holes designed to test a player's mental game.

## Frontier College

Frontier College trains volunteers across Canada as tutors for children, teens, and adults who want to learn. For over a century, Frontier College volunteers have been sharing their knowledge with Canadians who have had little or no access to traditional learning opportunities. In 2009 we will be celebrating our 110<sup>th</sup> anniversary of bringing literacy services to Canadians everywhere.

Frontier College offers literacy and learning programs in both official languages, free-of-charge to Canadians who want to learn. Frontier College programs encompass everything from reading circles for children and families, homework clubs and mentoring for adolescents and teens, to one-to-one and small group tutoring for adults. Trained volunteers use a student-centred approach. Students decide what they want to learn based on their own strengths, needs and goals.

All proceeds from the PGI for Frontier College support our programs in the GTA.

## R.S.V.P.

I/we will attend/support the 2009 PGI for Frontier College on Tuesday, June 9, 2009!
